

STAINLESS STEEL SPRAY GUN

Stainless steel spray gun
with quick coupling made of stainless steel

Dismantled without tools
Autoclavable to 134°C - Product-class B

To flush and blow out
of contaminated medical devices to 0.5 MPa (= 5 bar)

SPRAY GUN "FOR AIR" (Oil-free, medically treated), to 0.5 MPa (=5 bar)

Each Set consists of: stainless steel spray gun, LL - attachment M8, 1 nozzle attachment (blue-colored), 1 inject attachment, locking ring for trigger, wall-mount for the spray gun, PVC-tube with quick-coupling made of stainless steel, tube-end open, coupling protection cover, silicon oil

SPRAY GUN-SET "FOR AIR", tube-length 100 cm, tube-end open

SPRAY GUN-SET "FOR AIR", tube-length 100 cm, tube-end open

SPRAY GUN-SET "FOR AIR", tube-length 100 cm, tube-end open

SPRAY GUN "FOR COLD DRINKING-QUALITY-WATER", to 0.5 MPa (=5 bar)

Each Set consists of: stainless steel spray gun, LL - attachment M8, 1 nozzle attachment (blue-colored), 1 inject attachment, locking ring for trigger, wall-mount for the spray gun, stainless steel tube for drinking-quality-water, quick-coupling, tubing connecting adaptor outside 3/8 (inside 1/2" or 3/4", please specify by ordering), coupling protection cover

SPRAY GUN-SET "FOR COLD DRINKING-QUALITY-WATER", tube-length 100 cm

SPRAY GUN-SET "FOR COLD DRINKING-QUALITY-WATER", tube-length 150 cm

SPRAY GUN-SET "FOR COLD DRINKING-QUALITY-WATER", tube-length 200 cm

SPRAY GUN "FOR COLD DEMINERALIZED WATER", to 0.5 MPa (=5 bar)

Each Set consists of: stainless steel spray gun, Luer-attachment M8, 1 nozzle attachment (blue-colored), 1 inject attachment, locking ring for trigger, wall-mount for the spray gun, stainless steel tube f. cold demineralized water, quick-coupling, tubing connecting adaptor outside 3/8 (inside 1/2" or 3/4", please specify by ordering), coupling protection cover

SPRAY GUN-SET "FOR COLD DEMINERALIZED WATER", tube-length 100 cm

SPRAY GUN-SET "FOR COLD DEMINERALIZED WATER", tube-length 150 cm

SPRAY GUN-SET "FOR COLD DEMINERALIZED WATER", tube-length 200 cm

ACCESSORIES SUITABLE FOR ALL STAINLESS STEEL SPRAY GUNS

Table top rosette, desk thickness 30-45 mm

Luer-Attachment, stainless steel

Tubing connecting adaptor outside 3/8" (inside 1/2")

Tubing connecting adaptor outside 3/8" (inside 3/4")

Nozzle attachment, BLUE-COLOURED with detachable sieve

O-RING Sealing Set with spare spring and pull-up-aids for rings

Inject attachment, stainless steel

Luer-Lock Attachment, stainless steel

Hose-Nozzle, Size 6, stainless steel
